**Note: There is no permit required for parking on your own land. For several years Plum Creek has allowed Owners to park & store Boat Trailers (only boat trailers!) on their East Side log landing between May 1 & Oct 31 at no charge. However, the MLA has agreed to control use and maintain the area. A RED MLA parking permit sticker is required on each trailer stored. There is no longer an annual fee. HOWEVER: If you have never used the area or have a new trailer and wish to use the area the permit cost \$5.00. If the area is abused Plum Creek can withdraw this added convenience, they arranged with the MLA. Trailers parked there without a visible permit can be impounded or towed.

Long Term Trailer parking is NOT allowed at the Public Boat Access.
